DARK MAN

musique, paroles et arrangements par The Rough

As the day light goes down
Darkness is ready to pour on
Unde;ined smell's in the air
The smell of fear, a smell that scares

Makes you dread the world you knew
Turned to ashes around you
Shadow you see on the horizon
Is real but not..totally human

The man's silently walking
That desert road he's alone on
Crawling the way that leads him to
The next slaughter to perform

One step after the other
He just walks for murder
The feelingless he can teach you
May help the day.. he will kill you

Here comes the Dark man,
Your wish for survive, now has gone
Get breath while you can
He spreads the blood again and again

Now you face the Dark man,
Human life 's the only price he ransomes
your worst... nightmare
You dreamed of devil, now he comes

Now you 've met the Dark Man,
No one survived the blade he passed
through
Those bodies in the dust ,
Are asking why them and not you

Don't follow the Dark Man
Don't taste the blood he offers to you
He'll get you to the other side
Looking for a dark mind,
So dark as you

ETERNITY

musique, paroles et arrangements par The Rough

Present's so empty, so sad
indifference around us
Remains the past
in the sight of all

We live, we want
our history endures
Beyond our life
A trace of eternity

Now it's an utopia
the dream is now over
Yet something remains
my love forever

My true heart
been suffering for years
I idolize yours
gift from your ancestors

But you !

in the depths of the night
Will be stronger than death
In the depths of the night
Will be stronger than death

The in;inite torments me
No hope, to nowhere
My reason is frightened
Pushing me to despair

The in;inite torments me
No hope, to nowhere
My reason is frightened
Pushing me to despair, to despair, to despair

Will be stronger than death

Will be stronger than death

DANTE

musique, paroles et arrangements par The Rough

(A Christophe Pauron, qui nous a fait voir l'an 2000)

Veil is lowered, my eyes implored
Yesterday the knell resounded
In the darkness, i seek my way
To heal my wounds

Suffered so much, suffocated
Wish for answers, a sordid end
So many damned in these meanders
Suffer the wind, the rain, i claim my
innocence

Seventh circle scales begin to tip
To have denied reality
Seventh circle scales begin to tip
To have denied, heaven, reality

So much pain for the griever
To close this ungrateful fate
Cause infernal ruminations
The sons of Hippocrate

Had to act , to prevent , to block
With a painful feeling of shame
At the bottom of the abyss.
Traitors to dignity

Seventh circle scales begin to tip
To have denied reality
Seventh circle scales begin to tip
To have denied, heaven, reality

For your unbearable pains, left all your
hopes
For all evil crushes our brains, respect,
tolerance for those
At the twilight of my life
I take the friendly hand, help me return to
sand

BEER OR NOT TWO BEER

musique, paroles et arrangements par The Rough

If the first isn't the last
The second makes the blast
Turn back to the world, to reality
Makes a better time...naivety ?

Live, control
Play, feel better
Another chance, tolerance
Lose, dependance
See the mirror, look behind,
To be clearer, something else to find
Turn to your life, real time
Calm your mind, and save your liver

Life is an hole, how is its deep
My weight is dragging me down
No return possible

How deep is my weakness
How dark is my unconscious
How far can i fall
The ascent will always be more... illusory

Live, control
Play, feel better
Another chance, tolerance
Lose, dependance
See the mirror, look behind,
To be clearer, something else to find
Turn to your life, real time
Calm your mind, and save your liver
Beer, beer, beer, beer or not two beer
Beer, beer, beer, beer or not two beer
...

Just a little beer, one more

Just a little beer, any more

The walls of shame,
My father's gaze, The ills that eat me,
Remorses and regrets

The solution in a glass

PEL (la B... immonde)

musique, paroles et arrangements par The Rough

Contre la faim, le froid, il est là
Solidarité est son karma
Mais sous sa noire cape de héros
La prédation est son credo

Compassion, entraide, solidarité
Personnalité préférée
Mais quand ça se passe au fond de la
tanière
Le prix de la bonté a un goût amer

Pierre est le loup
Des brunes, des blondes
Combien d'horreurs
Emportées dans la tombe
Pierre est le loup,
Des âmes moribondes
Qui le cachait ?
La B... immonde

Le Mister Hyde des bonnes mères
Tellement pervers, mon père
Crocs et griffes bien planqués
Babines souriantes à la télé

Après la chasse, culpabilité
Une confession et c'est réglé
Il y a bien eu des crucifiées
Tranquillité sous le bédon

Pierre est le loup
Des brunes, des blondes
Combien d'horreurs
Emportées dans la tombe
Pierre est le loup
Des âmes moribondes
Qui le cachait ?
La B... immonde

*Chacun sa proie dans le troupeau
Le berger aveugle tourne le dos
Qui se soucie des agneaux égorgés
Quand le prédateur fait charité*

La meute est là, toujours, ensemble
Esprit de clan, secrets de déviants,
À quand la battue, l'élimination,
Des bouffeurs d'enfance, en;in la damnation

Pierre est le loup
De tout le monde
Combien d'horreurs
Emportées dans la tombe
Pierre est un loup
Contagion féconde
Ils le cachaient
L'abbé immonde

FAREWELL MY FRIEND

musique, paroles et arrangements par The Rough

The words are said, the game is over
And you're gone, so younger
You knew how to give life to words
You passed them through your heart

Farewell my friend
It's accept the end, a twist of fate

My distress is deep as the night
And my sore throat is so tight
I don't wanna say goodbye
I want to hold you in my arms

My guitar cries for you, she plays
This Funeral march
Who blame the evil's ark, she plays...
All my thoughts for you

My distress is deep as the night
And my sore throat is so tight
I don't wanna say goodbye
I want to hold you in my arms

Farewell my friend
It's accept the end, a twist of fate

My guitar cries for you, she plays
This Funeral march
Who blame the evil's ark, she plays...
All my thoughts for you

Farewell my friend
I accept this end, the twist of fate
Sometimes i find the strength to resist
I'm pulling back to the edge
Sometimes i find the strength to exist
But you are still with me

It's painful but i didn't know
All regrets on this earth
Through the words, it's for you,
For my broken heart I remain silencer

ANGRY

musique, paroles et arrangements par The Rough

You're angry at the world
Angry at humanity
Incomprehension is total
No return possible, no lasting peace

The blessed times are over - darkness
invades you
The struggle is in vain - the engulfment has
begun
You're angry at the world, angry at
humanity
Direction is done, you will die alone

Anger paralyzes you
Imprisons you
It's in your guts, your secretions
It eats you, digests you

What is this unknown darkness?
Where does it come from?
Part of you or contamination
It now guides your days and your soul

The smile is a facade - nothing lessens the
pain
If living is suffering - anger relieves
wounds
You're angry at the world, angry at
humanity
Direction is done, you will die alone

Anger paralyzes you
Imprisons you
It's in your guts, your secretions
It eats you, digests you

It would only take one step,
A different look, an acceptance,
But no, no
It's impossible, too hard

Too hard

Too hard for you...

Anger paralyzes you
Anger imprisons you
It eats you, digests you

KING's FALL

musique, paroles et arrangements par The Rough

The Sun shines on my tower
My crown is the brightest on earth
Servers and gods offered me
To grant my desires

No star can be brighter
No dragon has my power
The ancients are watching me
Learned me what means legacy

Justice is my charge
Punish the sins
Submit the tribe
And dreamers that want to be king

Power is mine,
Gods gave me
Royal blood will run for century

Growing shadows wrap my tower
Whispers run the land
Rumor darkened my power
Each reign has its end

Foundations tremble in the blood
Conspiracy's running
More and more death sentences
It's time for a new king

Blessed by my Lord
I stand for war
Protect the crown,
To forgive all my lies

Now the dark ages have come, there's no
escape for me
There'll be no hide for our soul, how pure
they can be
And I won't bend my royal knees,
The king's tower's still standing, I'll right to
let it be

The final battle
The right we waited for
Time for glory
To refuse the king's fall

Refuse de King's fall
Refuse de King's fall

Now the dark ages have come, there's no
escape for me
There'll be no hide for our soul, how pure
they can be
And I won't bend my royal knees,
The king's tower's still standing, I'll right to
let it be

I'll right let it be
...
